## **Welding Certificate**

### **2273 – CPR – 0559 – WC**

In compliance with BS EN 1090-1:2009+A1:2011, table B.1, the following has been stated:  
This Welding Certificate is an annex to the Certificate of the Factory Production Control (FPC) 2273 – CPR – 0559.  
This Welding Certificate is only valid in conjunction with the aforementioned Certificate in the scope of the Regulation (UK) Statutory Instrument 2019 No 465 of the United Kingdom Parliament (The Construction Products (Amendment etc.) (EU Exit) Regulation 2019) and the Construction Products (Amendment etc.) (EU Exit) Regulations 2020

<b>Manufacturer</b>	<b>ADE Power Limited</b>
<b>Facilities of the Manufacturer</b>	Unit 14 Langthwaite Business Park, South Kirkby, Pontefract, West Yorkshire, WF9 3AP Hellaby Industrial Estate, Rotherham, South Yorkshire, S66 8HN.
<b>Standard</b>	<b>BS EN 1090-2: 2018</b>
<b>Execution Class</b>	up to <b>EXC 2</b> according to BS EN 1090-2:2018
<b>Welding Process(es)</b>	135 – MAG welding with solid wire electrode 141 – TIG welding with solid filler materials
<b>Base Material(s)</b>	S235, S275JR + AR & S355 according to BS EN 10025-2 ASTM-A 105 / UNS K03504
<b>Responsible Welding Coordinator</b>	Paul Kelly – SCCS approved (up to and including EXC 2)
<b>Alternate</b>	N/A
<b>Attestation</b>	This certificate attests that all procedures for the execution and surveillance of welding works in connection with <b>BS EN 1090-1:2009+A1:2011</b> implemented.
<b>Date of first issue</b>	<b>October 2016</b>
<b>Date of this issue</b>	<b>04 February 2024</b>
<b>Date of expiry</b>	<b>05 September 2025</b>
<b>Validity Period</b>	This certificate will remain valid as long as neither the designated standard, the construction product, the AVCP methods, nor the manufacturing conditions in the plant are modified significantly, unless suspended or withdrawn by the approved factory production control certification body. This will be monitored regularly by Steel Construction Certification Scheme Ltd. Further clarification regarding the scope of this certificate and the applicability of the relevant UK designated standards requirements (see certificate of Factory Production Control) may be obtained by consulting Steel Construction Certification Scheme Ltd.

### Conditions of Issue

This certificate is issued by the Steel Construction Certification Scheme (SCCS) in recognition that the Management System operated by the Organisation was in accordance with the requirements of the Management System Standard / Normative Document at the time of the certification assessment.

Issue and retention of certification by SCCS is subject to the Organisation's compliance with the following conditions:

1. This certificate is not transferable.
2. This certificate is and will remain the property of the SCCS and shall be returned to SCCS on request.
3. The Organisation shall, upon reasonable request, provide safe access for the SCCS Scheme Management, Assessors and Observers to the works, office premises, erection sites (as relevant) and other locations where work relevant to this certificate is being carried out – for the purpose of monitoring continued compliance with the requirements of this certification.
4. The Organisation shall advise the Director of Certification, in writing, of any changes including – ownership, organisational structure, location, scope of work or service and any significant changes to the approved management system.
5. This document certifies that the Management System addresses all the requirements of the Management System Standard / Normative Document. SCCS does not however accept responsibility for any breach of relevant regulations, legislation or contract conditions by the certified Organisation.
6. The Organisation is permitted to use the SCCS and other logos (as exhibited on the certificate) on documents used to indicate SCCS certification of the management system identified on the certificate. The logo shall not be used on transport vehicles or on products/steelwork.
7. Issue and retention of this document is subject to payment of an annual certification fee. In addition, the certified Organisation shall provide access for regular surveillance audits and full management system re-assessment every third year. The fees for these services are reviewed and approved by the SCCS Certification Board annually.
8. The Organisation shall settle each of the SCCS invoices within 30 calendar days of the SCCS Ltd invoice date.
9. The Organisation shall comply with the SCCS regulations and all legislation relevant to the Scope of Certification.

Enquiries and complaints relevant to this Certificate should be addressed to:

The Director of Certification
